Subject: New Book Group for Staff: World Visions

Submitter: [Lynn Ellingson, Graduate Recruiter, Weekend College Admissions](#)

Message: We are excited to launch a new book group for staff, "World Visions," which will illuminate diverse perspectives from around the globe.

Our primary goals include learning about other cultures and worldviews, as well as building community on campus. And yes - we plan to have fun! We will launch a Moodle site to post additional resources and encourage additional discussions. We have received funding from workculture@augsborg.edu to pay for most of our books. After our discussions, we plan to donate our used books to local community centers or CGE sites abroad.

Details: Throughout the academic year, we will discuss four books (fiction and non-fiction) and view one film. We are inviting guest speakers with expertise on the topic or region, including Augsburg professors and friends from the community. We will meet once a month, over the lunch hour, to accommodate busy schedules. (Wednesdays, Noon - 1:15) Each book will be discussed during two meetings. You will register for one book at a time, and may join us for one, two, or all five selections. The selections and schedule for the first 3 of the series are below.

If you'd like to participate in the discussions for book one, please RSVP to Emily Cronk (cronk@augsborg.edu) before September 14th. The first ten to RSVP will receive a free book; at the end of our discussion, we will donate our books to other communities.

Please feel free to contact us with your ideas or questions. Happy reading!

Respectfully,

World Visions charter members: Emily Cronk, Lynn Ellingson, Kathy Fagen, Amy Greeley, Holley Locher, and Lisa Roe.

Selections and Schedule:
