### **Just \$10 Will Save a Life**

SUBMITTED BY **PROMISE IKECHUKWU OKEKE, STUDENT**

Did you know that a mosquito net can save one in every five deaths from malaria complications? But I am sure you didn't know that \$10 is so invaluable so much so that it can save a life? Yes you heard me right! \$10 can buy a mosquito net. Ask me who told me. The World Health Organization (WHO) told me. Please tell me you got the pun! But seriously that's a monstrous return on your investment. It was this mind blowing statistic that nurtured my current project to distribute mosquito nets in Ngeria this winter break

To learn how you can seize this wonderful opportunity to make the world a better place, you can visit Give to the Max website at [www.givem.org/auggiesgive](http://www.givem.org/auggiesgive), and be sure to check out my link. Otherwise you can visit my campaign webpage directly at [www.igg.me/at/neniproject/x/5228780](http://www.igg.me/at/neniproject/x/5228780)

Extra incentive: You will receive a personalized thank you card from the benefactor of your net if you donate \$20 or more. So what are you waiting for? Lets show them why we are called Auggies!
