### Interested in 3D Printing?

SUBMITTED BY MATTHEW J. HAINES, ASSOCIATE PROFESSOR, MATHEMATICS

Interested in learning about 3D printing? Want to set aside some time to explore some of the Computer Aided Design (CAD) software and design something of your own? If so, bring your creative spirit to an introductory 3D Printing workshop. The purpose of the workshop is to provide anyone in the Augsburg community an opportunity to be introduced to 3D printing. You are invited to any and all of the 3 workshop sessions.

Workshop times/locations:

Session 1: Thursday June 23, 1:00-2:00 p.m., SVE201 (PC lab)

Session 2: Thursday June 30, 1:00-2:00 p.m., SVE204 (Mac lab)
